

13TH ANNUAL
12th Annual

CONSTRUCTION SCIENCE EXPO

TUESDAY, MAY 7, 2024
9:00 AM - 2:00 PM

ABOUT US

Detroit middle & high school students will experience one of the best school field trips of the year: The 13th Annual Construction Science Expo!

Over 12,000 students have been invited to this annual hands-on expo over the last 12 years through the Detroit Public Schools Community Districts partnership with the Black Caucus Foundation of Michigan's "Navigation to Success" School-Based Life Skills Program".

More than 50 activities will be presented by over 25 industry professionals. Working alongside skilled labor apprentices and trainers, students will use their problem-solving strategies in construction design, they should visually and physically see why these types of occupations in this industry are growing faster than all others at a rate that is expected to continue through 2026.
